Santa Clara Valley Water District
Capital Improvement Program Committee Meeting

District Headquarters Boardroom
5700 Almaden Expressway, San Jose, CA  95118

REGULAR MEETING
AGENDA

Monday, February 11, 2019
10:00 AM

Nai Hsueh, Chair, District 5
Linda J. LeZotte, Vice Chair, District 4
Tony Estremera, District 6

BETH REDMOND
Committee Liaison

NATALIE F. DOMINGUEZ,
CMC
Assistant Deputy Clerk II
Office/Clerk of the Board
(408) 265-2659
ndominguez@valleywater.org

Note: The finalized Board Agenda, exception items and supplemental items will be posted prior to the meeting in accordance with the Brown Act.
1. CALL TO ORDER:

1.1. Roll Call.

1.2. Time Open for Public Comment on any Item not on the Agenda.
    Notice to the public: This item is reserved for persons desiring to address the Committee on any matter not on this agenda. Members of the public who wish to address the Committee on any item not listed on the agenda should complete a Speaker Card and present it to the Committee Clerk. The Committee Chair will call individuals in turn. Speakers comments should be limited to three minutes or as set by the Chair. The law does not permit Committee action on, or extended discussion of, any item not on the agenda except under special circumstances. If Committee action is requested, the matter may be placed on a future agenda. All comments that require a response will be referred to staff for a reply in writing. The Committee may take action on any item of business appearing on the posted agenda.

2. APPROVAL OF MINUTES:

2.1. Approval of January 14, 2019 Meeting Minutes. 19-0101
    Recommendation: Approve the minutes.
    Manager: Michele King, 408-630-2711
    Attachments: Attachment 1: 011419 CIP Committee Minutes
    Est. Staff Time: 5 Minutes

3. ACTION ITEMS:

3.1. Information on Project Labor Agreements. 18-1141
    Recommendation: Receive information on Project Labor Agreements and Community Workforce Agreements (Targeted Hiring Agreements).
    Manager: Michael Baratz, 408-630-2361
    Attachments: Attachment 1: PowerPoint
    Est. Staff Time: 10 Minutes
3.2. Capital Project Monitoring - Design.  
Recommendation: Receive and discuss information regarding the status of capital projects in the design phase.  
Manager: Katherine Oven, 408-630-3126  
Ngoc Nguyen, 408-630-2632  
Christopher Hakes, 408-630-3796  
Attachments: Attachment 1: Capital Project Monitoring - Design  
Est. Staff Time: 20 Minutes

3.3. Construction Management Resources Needs.  
Recommendation: Receive information and discuss construction management resources needs.  
Manager: Katherine Oven, 408-630-3126  
Ngoc Nguyen, 408-630-2632  
Chris Hakes, 408-630-3796  
Attachments: Attachment 1: Projected 10-Year Const Mgt Staffing Needs

3.4. 2018 Capital Improvement Program Committee Accomplishment Report.  
Recommendation: Accept the 2018 Capital Improvement Program Committee Accomplishment Report.  
Manager: Michele King, 408-630-2711  
Attachments: Attachment 1: 2018 Accomplishments Report

3.5. 2019 Capital Improvement Committee Work Plan.  
Recommendation: Review the 2019 Capital Improvement Program Committee Work Plan and make revisions as necessary.  
Manager: Michele King, 408-2630-2711  
Attachments: Attachment 1: CIP Committee 2019 Workplan  
Est. Staff Time: 10 Minutes

4. INFORMATION ITEMS:

5. ADJOURN:

5.1. Clerk Review and Clarification of Committee Requests.  
This is an opportunity for the Clerk to review and obtain clarification on any formally moved, seconded, and approved requests and recommendations made by the Committee during the meeting.
5.2. Adjourn to Regular Meeting at 10:00 a.m., on March 11, 2019, in the Santa Clara Valley Water District Board Conference Room A-124, 5700 Almaden Expressway, San Jose, California.
COMMITTEE AGENDA MEMORANDUM

Capital Improvement Program Committee

SUBJECT:
Approval of January 14, 2019 Meeting Minutes.

RECOMMENDATION:
Approve the minutes.

SUMMARY:
In accordance with the Ralph M. Brown Act, a summary of Committee discussions, and details of all actions taken by the Capital Improvement Program Committee, during all open and public Committee meetings, is transcribed and submitted to the Committee for review and approval.

Upon Committee approval, minutes transcripts are finalized and entered into the Committee’s historical record archives, and serve as the official historical record of the Committee’s meeting.

ATTACHMENTS:
Attachment 1: 011419 CIP Committee Minutes

UNCLASSIFIED MANAGER:
Michele King, 408-630-2711
A regular meeting of the Santa Clara Valley Water District (District) Capital improvement Program Committee (Committee) was called to order in the District Headquarters, Board Conference Room A-124, at 5700 Almaden Expressway, San Jose, California, at 10:00 a.m.

1. CALL TO ORDER

1.1 Roll Call.

Committee members in attendance were District 4 Director L. LeZotte, District 6 Director T. Estremera, and District 5 Director N. Hsueh, Chairperson presiding, constituting a quorum of the Committee.

2. TIME OPEN FOR PUBLIC COMMENT ON ANY ITEM NOT ON THE AGENDA

Chairperson Hsueh declared time open for public comment on any item not on the agenda. There was no one present who wished to speak.

3. ELECTION OF 2019 CHAIRPERSON AND VICE CHAIRPERSON

It was moved by Director Estremera, seconded by Director LeZotte, that Directors Nai Hsueh and Linda LeZotte, continue their Committee Officer appointments as Chair and Vice Chair, respectively, for the year 2019.

4. APPROVAL OF MINUTES

4.1 Approval of January 3, 2019 Meeting Minutes.

The Committee considered the attached minutes of the January 3, 2019 meeting. It was moved by Director LeZotte, seconded by Director Estremera, and unanimously carried to approve the minutes as presented.
5. ACTION ITEMS

5.1 Anderson Dam Improvement Update.

Mr. Chris Hakes, Deputy Operating Officer, reviewed the information on this item, per the attached Committee Agenda Memo.

The Committee noted the information, without formal action.

5.2 Capital Consultant Agreements and Amendments. (Continued from January 3, 2019).

Mr. Hakes, reviewed the information on Item 1, Lenihan and Stevens Creek Dam Safety Evaluations, Project No. 91084019, per the attached Committee Agenda Memo.

The Committee noted the information on Item 1, without formal action.

Chairperson Hsueh confirmed that information on Item 2, On-Call Surveying and Mapping Services had been received at the Committee’s January 3, 2019 meeting.

Regarding Item 3, Calero Dam Seismic Retrofit – Amendment No. 4 to Agreement No. A3902G with HDR Engineering, Inc., for Design Consultant Services Project No. 91874004, the Committee suggested that staff consider a separate agreement or design build for the relocation of the historic Bailey Fellows House rather than including it as an amendment to Agreement No. A3902G.

5.3 Design-Build Project Delivery Method for Capital Projects.

Mr. Amandeep Saini, Associate Engineer, reviewed the information on this item, per the attached Committee Agenda Memo, and corresponding presentation materials contained in Attachment 1.

Mr. William Sherman, Water Rate Advocates for Transparency, Equity and Sustainability, commented on the advantages and disadvantages of using a design-build method.

The Committee requested that this information be presented to the full Board in two parts, at two separate meetings: 1) To provide an overview of the design-build project delivery method, and 2) To seek Board approval for a design-build delivery method and consultant agreement for the Coyote Pumping Plant Adjustable Speed Drive Replacement Project.

5.4 Capital Projects Status Updates – Construction.

Mr. Hakes, Mr. Ngoc Nguyen, Deputy Operating Officer, and Ms. Tina Yoke, Chief Operating Officer, reviewed the information on this item, per the attached Committee Agenda Memo. The corresponding presentation materials contained in Attachment 1 were reviewed by staff as follows: Mr. Hakes reviewed Items 1
through 3, and 11; Mr. Nguyen reviewed Items 4 through 10, and 13 through 17; and Ms. Yoke reviewed Items 18 and 19.

The Committee noted the information, without formal action.

5.5 2019 Capital Improvement Program Committee Work Plan.

Chairperson Hsueh reviewed the information on this item, per the attached Committee Agenda Memo, and corresponding presentation materials contained in Attachment 1.

The Committee requested the following revisions to the Work Plan:

- CIP Implementation, Line 5: Retitle Large Construction Projects – Lessons Learned to Construction Management Resources Needs;
- Add an item to the February 11, 2019 agenda to receive information and discuss Construction Management Resources Needs; and
- Add an item to the February 11, 2019 agenda to receive an update on the benefits of Calero Dam operations to the District.

Chairperson Hsueh confirmed the next Committee meeting was scheduled for February 11, 2019 at 10:00 a.m.; and confirmed changes to the meeting schedule as follows: the October 14, 2019 meeting would be rescheduled to October 21, 2019, the November 11, 2019 meeting would be rescheduled to November 18, 2019; and that both meetings would convene at the regular start time of 10:00 a.m.

6. CLERK’S REVIEW AND CLARIFICATION OF COMMITTEE REQUESTS AND RECOMMENDATIONS

Ms. Natalie Dominguez, Assistant Deputy Clerk II, read the new Committee Recommendations and Requests into the record, as follows:

Regarding Item 5.2:

Regarding Item 3, Calero Dame Seismic Retrofit – Amendment No. 4 to Agreement No. A3902G with HDR Engineering, Inc., for Design Consultant Services Project No. 91874004, the Committee suggested that staff consider a separate agreement or design build for the relocation of the historic Bailey Fellows House rather than including it as an amendment to Agreement No. A3902G.

Regarding Item 5.3:

The Committee requested that this information be presented to the full Board in two parts, at two different meetings: 1) To provide an overview of the design-build project delivery method, and 2) To seek Board approval for a design-build delivery method and consultant agreement for the Coyote Pumping Plant Adjustable Speed Drive Replacement project.
Regarding Item 5.5:

The Committee requested the following:

- CIP Implementation, Line 5: Retitle *Large Construction Projects – Lessons Learned* to *Construction Management Resources Needs*;

- Add an item to the February 11, 2019 agenda to receive information and discuss Construction Management Resources Needs; and

- Add an item to the February 11, 2019 agenda to receive an update on the benefits of Calero Dam operations to the District.

7. **ADJOURN**

Chairperson Hsueh adjourned the meeting at 2:50 p.m., to the next scheduled meeting at 10:00 a.m., on February 11, 2019, in the District Headquarters, Board Conference Room A-124, 5700 Almaden Expressway, San Jose, California.

Natalie F. Dominguez, CMC
Assistant Deputy Clerk II

Approved:
COMMITTEE AGENDA MEMORANDUM

Capital Improvement Program Committee

SUBJECT:
Information on Project Labor Agreements.

RECOMMENDATION:
Receive information on Project Labor Agreements and Community Workforce Agreements (Targeted Hiring Agreements).

SUMMARY:
At its September 25, 2018 meeting, the Board was informed of a request from the Santa Clara and San Benito Counties Building and Construction Trades Council to consider using Project Labor Agreements (PLA) and Community Workforce Pipeline Targeted Hire Agreements on all public works contracts awarded by the District (by design-bid-build, design-build, or other project delivery methods used to construct capital projects).

The Board referred this request to the Board’s CIP Committee to evaluate and to make a recommendation to the full Board.

Attachment 1 provides an overview of Project Labor Agreements.

ATTACHMENTS:
Attachment 1: PowerPoint
Attachment 2: Project Labor Agreement Issues

UNCLASSIFIED MANAGER:
Michael Baratz, 408-630-2361
What is a Project Labor Agreement (PLA)?

- A pre-hire labor agreement with the local labor trades council, which establishes the terms and conditions of employment for a construction project.

- Permitted for use in the construction industry by the National Labor Relations Act (NLRA).

- Parties typically include local building trades councils and local building trades unions.
Typically negotiated between the project owner and the local labor trades council, prior to awarding a construction contract.

May cover a single project, or a set of similar projects.

Designed to:

- Eliminate potential project delays resulting from labor conflict;
- Ensure steady supply of skilled labor on projects;
- Provide contractually binding means of resolving worker grievances.
Nearly all PLA agreements contain:

- **Union Agreement** -
  - Not to strike, or take other collective action against the projects or contractors working on the projects.

- **Contractor Agreement** -
  - To abide by the terms of the trade’s collective bargaining agreement in performance of all project work.

- **Dispute Resolution Process** -
  - To resolve jurisdictional disputes between unions;
  - To resolve disputes between contractors and workers.
Many PLA agreements also contain:

- Provisions for facilitating participation by non-union contractors (e.g. core workers; carve-outs).

- Provisions streamlining practices across different construction trades to improve project efficiency (e.g. unified holiday schedule).

- Provisions for facilitating contractor compliance with targeted hiring goals imposed by the public entity (e.g. Community Workforce Agreement).
Community Workforce Agreement (CWA) - Overview

- Sometimes incorporated into a PLA to identify provisions involving local hiring and/or targeted hiring.
  - Also referred to as a Targeted Hiring Agreement or Policy;
  - Generally only covers construction work;
  - Two Types: Single-Project CWA and Multiple-Project CWA.

- Imposed by many public entities on public construction projects, to:
  - Advance policy goals;
  - Comply with federal funding requirements, if applicable.
CWA - Key Provisions

A CWA may include:

- **Hiring policies adopted by local agencies or jurisdictions** (e.g. policies adopted by ordinance or resolution in Oakland, Los Angeles, and San Francisco; prohibited on projects funded by US-DOT).

- **Disadvantaged-hiring policies adopted by local agencies or jurisdictions** (i.e. targeting employment of low-income individuals, veterans, residents of low-income neighborhoods, etc.).

- If required, a Disparate Impact Study must be conducted.
Federally-mandated requirements:
  - To hire a specific percentage of minorities/veterans/women.

Such policies generally require:
  - Construction contractors attempt to employ specified percentages of the targeted worker categories, or show effort was made to do so and targeted worker categories were unavailable.
Conflicts between terms of targeted hiring policies and requirements of applicable collective bargaining agreements:

- Targeted hiring policies require contractors to make an effort to employ specified percentages of targeted worker categories, but collective bargaining agreements typically require utilization of current workers, or workers referred from a union in a specified order.

Compliance:

- Contractors may have difficulty complying with a targeted hiring policy and applicable collective bargaining agreement due to limited control over hired individuals.
PLA - Conflict Resolution

PLAs typically include an alternate dispute resolution process (e.g. arbitration), which:
- Overrides bargaining agreement terms.
 Parties establish agreed upon single hiring procedure in advance.

 Benefits to the public agency may include:
 ➢ Delivery of high-quality employment and training opportunities for local workers;
 ➢ Avoidance of project delays due to labor strife;
 ➢ Use of established training and labor quality standards.
Non-union construction trade organizations cite the following concerns:

- Dues requirements cause reduction in paychecks;
- Forced to lay off productive, non-union workers;
- Requires open shop contractors to pay benefits twice (union + company plan):
  - Payment of health and retirement benefits to union and pension funds;
  - Non-union workers only receive benefits from contributions sent to union if workers join union, and remain members until vested.
Increased Costs:
- Limits number of general contractors and subcontractors interested in a project, and therefore reduces competition.

Barriers:
- Creates barriers for local, minority/veteran/women-owned construction employers due to provisions disallowing use of own workforce.
No history of:

- District utilizing PLAs;
- Labor disputes on District projects.

District pays prevailing wages:

- State law requires public agencies pay prevailing wages at the rates established by the California Department of Industrial Relations or per the federal Davis-Bacon Act, if applicable.
COMMITTEE AGENDA MEMORANDUM

Capital Improvement Program Committee

SUBJECT:
Capital Project Monitoring - Design.

RECOMMENDATION:
Receive and discuss information regarding the status of capital projects in the design phase.

SUMMARY:
The CIP Committee’s 2019 Workplan includes monitoring of capital projects during all phases of development. Staff will present a list of active projects to the Committee at each Committee meeting and provide detailed information on those where potential and/or significant issues have been identified. The projects presented for discussion will be organized by phases: planning/feasibility; design; and construction. Staff will present projects to the CIP Committee for review one phase at a time. Projects currently in the design phase are being presented at this Committee meeting. Other attachments may be included to provide more detail on other items associated with these projects.

Attachment 1 is a list of projects in the design phase. A verbal report will be provided at the meeting with more detailed information about recent developments on the projects listed in Attachment 1.

COMMITTEE AGENDA MEMORANDUM

Capital Improvement Program Committee

SUBJECT:
Construction Management Resources Needs.

RECOMMENDATION:
Receive information and discuss construction management resources needs.

SUMMARY:
In the past 3 to 5 years, the number of active District construction projects has far exceeded the capacity of in-house construction services staff to provide construction management (CM) and inspection services for each project. As a result, District staff have augmented full time equivalent staff with supplemental construction management service contracts. In light of significant construction projects that are ongoing, and the future of the capital workload will grow over the next decade, it is necessary to ensure appropriate resources are applied for project success and management. At the October 15, 2018 CIP Committee meeting when staff reviewed the status of projects in construction, the Committee requested that additional information on this topic be provided.

Through competitive selection processes, staff has hired consultant firms to perform CM and inspection services for District projects that cannot be staffed with in-house staff, in most cases, due to a lack of staff availability. Staff has experienced numerous challenges and difficulties with this approach on several construction projects. Some examples of such issues are:

1. CM consultants lack thorough knowledge of the district’s plans, specifications, and construction Contract Documents;

2. CM consultants have not been firm enough in enforcing contractor performance requirements per Contract Documents;

3. Consultant inspectors have failed to notice a contractor's unilateral substitution of specified materials with nonspecified materials, resulting in a finished product with poor workmanship and/or performance, and a lack of adherence to the Contract Documents’ process for such actions;

4. District staff (the projects' design engineers) is responsible for managing the CM consultants, but many have had minimal experience in field construction work, and have struggled with
the fast-paced construction tempo and quick decision-making that is critical in the field;

5. Regulatory permit conditions have not been enforced by consultant CM firms, resulting in compliance violations; and

6. CM consultants are not as sophisticated or sensitive as District CM staff are in responding to neighborhood concerns and issues during construction.

Staff-developed options for District CM and inspector staffing are:

1. Option 1: Maintain the status quo of 17 in-house Construction Services staff (1 unit manager, 6 engineers, 2 chief inspectors, and 8 inspectors). The staffing of District construction projects would be determined by staff’s availability. CM consultants would be hired for many projects and would continue to be managed by project-design engineers.

2. Option 2: Increase the number of positions in the Construction Services Unit to fully staff all District construction projects. Specialty inspection services would be provided by on-call consultants managed by District’s CM staff. An average of 45 Construction Services staff (CM and inspectors) would be required over the next 10 years to fully staff all District construction projects.

3. Option 3: Increase the number of positions in the Construction Services Unit to fully staff construction projects. Continue to hire consultant CM firms on larger/complex projects, but embed District CM staff into the project teams to help oversee and manage the consultant CM firms. An average of 37 Construction Services staff (CM and inspectors) would be required over the next 10 years for this hybrid approach. The staffing approach for this Option would follow the guidelines as shown in Table 1.

### Table 1. CM Staffing Approach for Option 3

<table>
<thead>
<tr>
<th>Estimated Project Construction Cost</th>
<th>District Staffing Approach</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to $30M</td>
<td>Fully staff with in-house construction manager/inspector(s).</td>
</tr>
<tr>
<td>$30M -$80M</td>
<td>Consultant CM and embed 1 District construction manager + 1 District inspector.</td>
</tr>
<tr>
<td>$80M-$200M</td>
<td>Consultant CM and embed 2 District construction managers + 2 District inspectors.</td>
</tr>
<tr>
<td>$200M +</td>
<td>Consultant CM and embed 3 District construction managers + 3 District inspectors.</td>
</tr>
</tbody>
</table>
The cost projections for capital projects in the CIP include the cost of construction management services. Analysis of construction management costs for recent projects shows costs to be similar, whether construction management services are provided by District staff or by consultants. Implementing the option recommended in this memo would not have a significant impact on project budgets or groundwater production charges. Greater involvement by District construction services staff is expected to result in improved construction quality.

COMMITTEE AGENDA MEMORANDUM

Capital Improvement Program Committee

SUBJECT:
2018 Capital Improvement Program Committee Accomplishment Report.

RECOMMENDATION:
Accept the 2018 Capital Improvement Program Committee Accomplishment Report.

SUMMARY:
Under direction of the Clerk, Work Plans are used by Board Committees to increase Committee efficiency, provide increased public notice of intended Committee discussions, and enable improved follow-up by staff.

Work Plans are dynamic documents managed by Committee Chairs annually, and are subject to change as needed throughout the year.

As Committee work is accomplished, Work Plans capture notes regarding outcomes and results achieved, allowing Work Plans to serve as Accomplishment Reports upon completion of the calendar year.

Recognizing the completion of the 2018 calendar year, the 2018 Capital Improvement Program Committee Work Plan, now a 2018 Accomplishment Report (Attachment 1), is presented for Committee acceptance.

ATTACHMENTS:
Attachment 1: 2018 Accomplishment Report

UNCLASSIFIED MANAGER:
Michele King, 408-630-2711
The Capital Improvement Program Committee (CIP) was enacted by the Board on Date. The CIP Committee was established to provide a venue for more detailed discussions regarding capital project validation and adding or removing projects from the District's 5-year CIP.

This annual work plan establishes a framework for committee discussion and action during the annual meeting schedule. The committee work plan is a dynamic document, subject to change as external and internal issues impacting the District occur and are recommended for committee discussion. Subsequently, an annual committee accomplishments report is developed based on the work plan and presented to the District Board of Directors.

COMMITTEE AGENDA MEMORANDUM

Capital Improvement Program Committee

SUBJECT:
2019 Capital Improvement Committee Work Plan.

RECOMMENDATION:
Review the 2019 Capital Improvement Program Committee Work Plan and make revisions as necessary.

SUMMARY:
Work Plans are created and implemented by all Board Committees to increase Committee efficiency, provide increased public notice of intended Committee discussions, and enable improved follow-up by staff. Work Plans are dynamic documents managed by Committee Chairs and are subject to change. Committee Work Plans also serve to assist to prepare an Annual Committee Accomplishments Reports.

The 2019 Capital Improvement Program Committee Work Plan is contained in Attachment 1. Information in this Plan document was provided by staff as follows:

Discussion of topics as stated in the Plan have been described based on information from the following sources:

- Items referred to the Committee by the Board;
- Items requested by the Committee to be brought back by staff;
- Items scheduled for presentation to the full Board of Directors; and
- Items identified by staff.

ATTACHMENTS:
Attachment 1: 2019 CIP Committee Work Plan
