

## Fluoridated Zip Codes in Santa Clara County

Last Updated on February 2019

The information provided below is based on approximate mapping of zip code areas; please check with your retailer for the most accurate fluoride concentration in your drinking water.

**Fully-Fluoridated Zip Codes in Santa Clara County:** The drinking water fluoride is at the recommended concentration.

94035	94089	94305	95121	95133
94041	94301	94306	95122	95134
94043	94303	95002	95127	95135
94085	94304	95035	95132	95148

**Sub-optimally or Partially Fluoridated Zip Codes in Santa Clara County:** The drinking water is sub-optimally or partially fluoridated due to one of two reasons:

1. Your water retailer blends fluoridated water with non-fluoridated water resulting in fluoride lower than the recommended concentration
2. Fluoride concentrations vary between the 3 categories (Fully, Suboptimum, or None) within your zip code

If you live in these zip codes, please check with your retailer for a more accurate value of fluoride in your water

94022	95014	95112	95123
94024	95032	95116	95124
94040	95054	95118	95131
94086	95110	95120	95138
