

Nitrate Treatment System Rebate Application Form

Rebate Checklist

- The nitrate treatment system installed MUST be certified by the State Water Resources Control Board Division of Drinking Water to reduce nitrate. A list of approved nitrate treatment systems is available on our website at <https://delivr.com/2jyay> or you may request it by contacting us at (408) 630-2300 or by email at groundwatermanagement@valleywater.org.
- Install the nitrate treatment system and submit the completed rebate application to Santa Clara Valley Water District (Valley Water) within 90 days of its purchase. Limit one rebate per single family household.
- Include a water quality result dated within the last five years indicating that nitrate is above 45 milligrams per liter (mg/L) as nitrate (NO₃) or 10 mg/L as nitrogen (N) for the well serving the address where the nitrate treatment system is installed. The result must be from a state-certified lab. If Valley Water tested your water, you do not need to include the nitrate result.
- Include the original sales receipt for the purchase of the approved nitrate treatment system. If purchased online, please print the online receipt and include it with your rebate application.
- Mail your completed application and supporting information to:

TERMS AND CONDITIONS OF THE NITRATE TREATMENT SYSTEM REBATE PROGRAM

1. To be eligible for a rebate, I must have an active registered private groundwater well in the County of Santa Clara that supplies my residence with potable water that contains nitrate above 45 milligrams per liter as nitrate (NO₃) or 10 milligrams per liter as nitrogen (N) and is not part of a public water system.
2. I will allow, if requested, a representative from the Santa Clara Valley Water District (Valley Water) or any Valley Water authorized third party reasonable access to my property to verify the installed nitrate treatment system ("Nitrate Treatment System"). I understand a rebate will not be issued if I refuse to participate in any required verification that is scheduled within thirty (30) calendar days of Valley Water or its authorized third party contacting me. Valley Water or its authorized third party may contact the Nitrate Treatment System vendor and/or installer to verify purchase and/or installation of the Nitrate Treatment System, and may provide my name and/or address to third parties to complete this verification.
3. If I am a tenant, I have obtained the property owner's permission prior to installing the Nitrate Treatment System.
4. I certify that I have installed the Nitrate Treatment System in accordance with all applicable federal, state, and local laws, building codes, manufacturer's specification and permitting requirements.
5. VALLEY WATER MAKES NO REPRESENTATION OR WARRANTY, AND ASSUMES NO LIABILITY WITH RESPECT TO THE QUALITY, SAFETY, PERFORMANCE, OR OTHER ASPECT OF THE NITRATE TREATMENT SYSTEM OR ITS INSTALLATION, OPERATION OR PERFORMANCE, AND EXPRESSLY DISCLAIMS ANY SUCH REPRESENTATION, WARRANTY OR LIABILITY. I AGREE TO INDEMNIFY VALLEY WATER, DIRECTORS, OFFICERS, EMPLOYEES AND AGENTS, AGAINST ALL LOSS, DAMAGE, EXPENSE, FEES, COSTS, LIABILITY ARISING FROM ANY CLAIMS RELATED TO THE NITRATE TREATMENT SYSTEM, OR THE NITRATE TREATMENT SYSTEM INSTALLATION, PERFORMANCE, OPERATION OR MAINTENANCE, OR MY PARTICIPATION IN THE REBATE PROGRAM.
6. I understand that water treatment systems require regular maintenance and agree to adhere to and properly perform all manufacturer-recommended maintenance for the Nitrate Treatment System.
7. I understand that each rebate will not exceed \$500 or 100% of the combined purchase and installation price of the Nitrate Treatment System, whichever is less.
8. I understand that if I apply for multiple rebates that result in the issuance of total rebate amounts equal to or greater than \$600, Valley Water will report the rebated amounts to the Internal Revenue Service and the State of California as taxable income.

I have read, understood, and agree to the terms and conditions of the Nitrate Treatment System Rebate Program specified in this Rebate Application. I certify that the information I have provided is true and correct and that the nitrate treatment system described above for which I am seeking a rebate is installed and operational and meets the requirements of the Nitrate Treatment System Rebate Program.
