GENERAL CONDITIONS

- A. **Valley Water's Well Ordinance Program** (telephone 408-630-2660) **must be notified a minimum of one working day before the well reconstruction activities.** An authorized Valley Water representative must be on site to witness the reconstruction activities. This requirement may be waived by an authorized Valley Water representative. If Valley Water waives the inspection requirement, Valley Water may request the permittee(s) to furnish certification under penalty of perjury that the well was reconstructed in accordance with Valley Water Well Standards and with the permit conditions.
- B. This permit is valid only for the purpose specified herein. Well reconstruction methods authorized under this permit may not be changed except by written approval of an authorized Valley Water representative, and only if Valley Water believes that such a change will result in equal or superior compliance with Valley Water and State Well Standards (e.g., if Valley Water representative believes that site conditions warrant such a change).
- C. This permit is only valid for the Assessor's Parcel No. indicated on it.
- D. If any work associated with this permit will take place on Valley Water property/easement, an encroachment or construction permit must be granted by the Valley Water's Community Projects Review Unit (telephone 408-630-2350, -2217, or -2253).
- E. Within 30 days of the completion of the well reconstruction activities, the driller identified on this permit shall fully complete State of California DWR Form 188 and submit the original to the Valley Water's Well Ordinance Program.
- F. The permittee(s) shall assume entire responsibility for all activities and uses under this permit and shall indemnify, defend, and hold Valley Water, its officers, agents, and employees free and harmless from any and all expense, cost, and liability in connection with or resulting from, the granting of or exercise of this permit including, but not limited to, property damage, personal injury, and wrongful death.
- G. Permittees are required to be in full compliance with Cal/OSHA California Labor Code Section 6300.
- H. A current C-57 Water Well Drilling Contractor's License is required for the reconstruction of all wells.
- I. Permittee, permittee's contractors, consultants, or agents shall be responsible to assure that all materials generated during drilling, well destruction, well development, pump testing, or other activities associated with this permit will be safely handled, properly managed, and disposed of according to all applicable federal, state, and local statutes regulating such. In no case shall these materials/waters be allowed to enter, or potentially enter, on- or off-site storm sewers, dry wells, or waterways. Such materials/waters shall not be allowed to move off the property where the work is being completed.
- J. The driller and consultants (if applicable) shall have an active copy of their Worker's Compensation Insurance on file with Valley Water.
- K. This permit shall expire if not exercised within 180 calendar days of its approval unless an extension of the permit expiration date is granted by an authorized Valley Water representative.
- L. This permit must be kept on site during all activities associated with it and shall immediately be presented to an authorized Valley Water representative upon request.
- M. Permittee shall notify Underground Service Alert (USA) at 1-800-227-2600 or 811 prior to any digging.

Please allow 10 working days to process this application.
