Honorable Board of Directors  
Santa Clara Valley Water District (District)

Pursuant to, and in compliance with, the Notice to Bidders and the Contract Documents, relating to the

C0660 – UPPER GUADALUPE RIVER REACH 6 AQUATIC HABITAT IMPROVEMENT PROJECT, the undersigned Bidder having become thoroughly familiar with the terms and conditions of the Contract Documents and with local conditions affecting the performance and costs of the Work and having fully inspected the Work site in all particulars, hereby proposes and agrees to fully perform the Work, including providing any and all labor and materials and performing all Work required to construct and complete said Work within the contract time stated and in accordance with the requirements of the Contract Documents, for the following sum of money.

The undersigned Bidder agrees to complete all the Work within 190 calendar days from the first chargeable day of the Contract, as stated in the Notice to Begin Work. The Bidder agrees to enter into a Contract with the District and to provide the required bonds and insurance in accordance with the Instructions to Bidders, Contract Bonds, paragraph #22 and Execution of Contract, paragraph #23. If the Bidder fails to meet these requirements within the time specified in the Instruction to Bidders, Failure to Execute Contract, paragraph #24, the Bidder’s security accompanying this Proposal may be forfeited and become the property of the District. No Contract exists until all Contract bonds and insurance documents have been accepted by the District.

TOTAL BID: $749,900.00

Bidder acknowledges receipt of the following Addenda to the Bid Documents:

A. This Designation of Subcontractors form must be completed in compliance with the State of California Subletting and Subcontracting Fair Practices Act, Public Contract Code §4100 et seq., and any amendment thereof. Bidder must complete the form below for each Subcontract that exceeds one-half of one percent (½%) of the Bidder's total Bid. A Subcontractor is one who: (1) performs Work or labor; or (2) provides a service to the Bidder; or (3) specially Fabricates and Installs a portion of the work according to the Contract Documents. Bidders failure to list a Subcontractor for any portion of the work in excess of ½% of Bidder's total Bid signifies Bidder will self perform that portion of the Work with its own forces. (Note: If more than one Subcontractor is designated for the same kind of Work, state the portion that each will perform.) After the opening of the Bids, no changes or substitutions will be allowed except as otherwise provided by law. The listing of more than one subcontractor for each item of work to be performed with the words “and/or” will not be permitted. Failure to comply with this requirement may render the Bid nonresponsive and may cause its rejection.

B. Failure by a subcontractor to be registered to perform public work as required by the California Labor Code Section 1771.1 (a) shall be grounds under Section 4107 of the Public Contract Code for the Contractor, with the consent of the awarding authority, to substitute a subcontractor who is registered to perform public work pursuant to Section 1725.5 in place of the unregistered subcontractor.

BE IT KNOWN BY THESE PRESENTS,

That we, Hanford Applied Restoration & Conservation, as PRINCIPAL, and The Ohio Casualty Insurance Company, as SURETY, are held and firmly bound unto the Santa Clara Valley Water District, hereinafter called the District, in the penal sum of TEN PERCENT (10%) OF THE TOTAL AMOUNT OF THE PROPOSAL of the Principal above named, submitted by said Principal to the Santa Clara Valley Water District, for the work described below, for the payment of which sum is lawful money of the United States, well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents. In no case shall the liability of the surety hereunder exceed the sum of $See Below.

THE CONDITION OF THIS OBLIGATION IS SUCH, *Ten Percent (10%) of Bid Amount

That whereas the Principal has submitted the above mentioned Proposal to the District, for certain construction specifically described as follows, for which Proposals are to be opened at San Jose, California, on May 5, 2021, (or such other date as specified per Addendum) for UPPER GUADALUPE RIVER REACH 6 HABITAT IMPROVEMENT PROJECT

NOW, THEREFORE, if the aforesaid Principal is awarded the Contract and, within the time and manner required under the Contract Documents, after the prescribed forms are presented to him for signature, enters into a written contract, in the prescribed form, in accordance with the Proposal, and files originals (copies are unacceptable) of the two bonds with the District, one to guarantee faithful performance and the other to guarantee payment for labor and materials, as required by law, then this obligation shall be null and void; otherwise, it shall be and remain in full force and virtue.

In the event suit is brought upon this bond by the obligee and judgment is recovered, the surety shall pay all costs incurred by the obligee in such suit, including a reasonable attorney’s fee to be fixed by the court.

IN WITNESS WHEREOF, we have hereunto set our hands and seal on the 23rd day of April, 2021

My Comm. Expires Nov. 17, 2022
Iran Contracting Act Bid Certification
(Public Contract Code Sections 2202–2208)
Must be Completed for any Proposal of $1,000,000 or more

Public Contract Code (PCC) Sections 2200–2208 are known as the Iran Contracting Act of 2010 and prohibit public entities from contracting with companies that have specified business activities in Iran’s petroleum sector. Companies seeking to bid on state or local government contracts are required to certify that they are not engaged in developing Iran’s petroleum resources.

Prior to bidding on, submitting a proposal or executing a contract or renewal for a Santa Clara Valley Water District contract for goods or services of one million dollars ($1,000,000 or more), a person (vendor, firm, corporation, etc.) must either: a) certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code Section 2203(b) and is not a financial institution extending twenty million dollars ($20,000,000) or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or b) demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code Section 2203(c) or (d). The DGS list is posted online at: [www.dgs.ca.gov](http://www.dgs.ca.gov), search “Iran Contracting Act List”.

To comply with this requirement, please complete one of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of $250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts. (Public Contract Code Section 2205.)
Please complete one of the options below (see prior page for additional explanation).

**OPTION NO.1—CERTIFICATION**

I, the official named below, certify I am duly authorized to execute this certification on behalf of the person/financial institution identified below, and the person/financial institution identified below is **not** on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution exceeding twenty million dollars ($20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

Bidder's Signature: [Signature]  Date: 5/4/21

Bidder's Name and Title (Print):  Mark Cederborg, Chief Executive Officer
Will Johnson has more 10 years of experience in biological research, natural resource conservation and habitat restoration. He has worked on projects across a wide array of disciplines: wildlife tracking and population modeling, statistical and data analysis, mapping, production agriculture, plant pathology, endangered and threatened species preservation, construction and civil engineering. He has performed, managed or directed all aspects of projects – planning, scheduling and coordination; design and preparation of relevant documents; report-writing, graphics development; project implementation, quality control and assurance, and monitoring.

At Hanford ARC, Will serves as a Project Manager – he oversees and tracks dozens of projects ranging in scope, complexity and dollar value ($5K - $5MM). Project types include invasive plant species management, native plant installation and establishment, irrigation installation and troubleshooting, construction (including landscaping, conventional-civil, bioengineered elements, and parks), erosion control and slope stabilization, and grading. Current projects include restoration of physical form and ecological function to various habitats around San Francisco Bay, flood control support, protecting endangered or threatened species, enhancing public spaces, achieving natural resource management program goals, and meeting or exceeding permit requirements or mitigation objectives. Will regularly engages with a wide array of clients, including municipal, County, State and Federal level agencies, non-profits, land trusts, resource conservation districts, private land owners and consulting firms. He independently develops, finalizes and delivers cost proposals to maintain workflow.

Will created and oversees Hanford ARC's Land Management program, consisting of more than 15 field staff and a fully-autonomous operations yard. Over two years, Will actively assembled a team of dedicated staff with specific technical backgrounds including trained botanists, certified California Naturalists, and forestry professionals. Will helped develop the Land Management team's distinct approach to work – an emphasis on minimum tool use and light impact; operations that closely follow natural ecological cycles to maximize project performance; transparency and open communication with clients regarding effort and techniques. Efficient and successful execution of the wide range of projects under Will's management is firmly supported by his 1) deep understanding of plant phenology and California native ecosystems, 2) close familiarity with all technical aspects of habitat conservation and restoration, 3) finely-honed ability to interpret construction plans and specifications, and 4) wide experience in project finance, budget tracking, permit requirements to meet and exceed all agency expectations and requirements.

Bachelor of Science, Biological Sciences | University of Rhode Island | 2009
Master of Science, Biological Sciences and Plant Ecology | University of Rhode Island | 2011

Thesis title: Impacts of Asiatic sand sedge on native plants and arbuscular mycorrhizal fungi in a barrier dune.

Relevant Project Experience

| Tilden Nature Area Habitat Restoration | 2018 | Restore artificial ponds in Tilden Nature Area, install decomposed granite trail, amphitheater, and viewing deck. Excavate and re-grade the sediment basin adjacent to Little Farm, reinforce and repair wooden weir and place additional rock as provided in specifications. | East Bay Regional Park District | Oakland, CA |
| Stanford Upper Quarry | 2020 | Construct four new off channel ponds to provide a suitable California red-legged frog breeding habitat, replant and maintain for 3 years. | Stanford University | Santa Clara County, CA |
| Napa River Rutherford Dust Reach 8BC | 2016 | The project included extensive grading, installation of bioengineering techniques and biotechnical structures, removal of non-native species, and revegetation with native plantings to convert former vineyard to riparian habitat. | Napa County | Napa, CA |
Steve has nearly 30 years of experience in heavy civil construction, habitat restoration, conservation-related work, and land management.

As Superintendent, Steve supervises logistics for dozens of revegetation and restoration projects, overseeing 15-20 field personnel and an autonomous operations yard in Petaluma. Steve’s responsibilities include plan and specification compliance, project field implementation; technical analysis and project documentation; personnel and resource management; job cost and productivity reporting; and inventory/maintenance of equipment.
