Honorable Board of Directors
Santa Clara Valley Water District (District)

Pursuant to, and in compliance with, the Notice to Bidders and the Contract Documents, relating to the **PENITENCIA WATER TREATMENT PLANT REHABILITATION OF FLOCCULATION AND SEDIMENTATION BASIN PROJECT**, the undersigned Bidder having become thoroughly familiar with the terms and conditions of the Contract Documents and with local conditions affecting the performance and costs of the Work and having fully inspected the Work site in all particulars, hereby proposes and agrees to fully perform the Work, including providing any and all labor and materials and performing all Work required to construct and complete said Work within the contract time stated and in accordance with the requirements of the Contract Documents, for the following sum of money.

The undersigned Bidder agrees to complete all the Work within **433** calendar days from the first chargeable day of the Contract, as stated in the Notice to Begin Work. The Bidder agrees to enter into a Contract with the District and provide the required bonds and insurance in accordance with the Instructions to Bidders, Contract Bonds, paragraph #22 and Execution of Contract, paragraph #23. If the Bidder fails to meet these requirements within the time specified in the Instruction to Bidders, Failure to Execute Contract, paragraph #24, the Bidder's security accompanying this Proposal may be forfeited and become the property of the District. No Contract exists until all Contract bonds and insurance documents have been accepted by the District.

TOTAL BID: \$ 5,064,000⁰⁰

Bidder acknowledges receipt of the following Addenda to the Bid Documents:
Addenda are posted online at <https://www.valleywater.org/construction>.

☐ **NO** Addenda received

☒ Addenda received as follows:

Addendum No. 1 Date 1/22/2021
Addendum No. 2 Date 1/22/2021

Addendum No. Date
Addendum No. Date

Failure to acknowledge receipt of an Addendum on the Bid Form is not, in itself, cause for withdrawal or rejection of Bid, if it can be established that Bidder did, in fact, receive such Addendum prior to Bid opening.

The undersigned Bidder has read and, understands, and will comply with, each and all of the requirements specified in these Bid Documents. This Proposal must be signed by an authorized representative of the Bidder with the authority to bind the Bidder.

BID FORM NO. 2 Designation of Subcontractors

Page 1 of 1

This form must be completed in ink and changes must be initialed.

- A. This Designation of Subcontractors form must be completed in compliance with the State of California Subletting and Subcontracting Fair Practices Act, Public Contract Code §4100 et seq., and any amendment thereof. Bidder must complete the form below for each Subcontract **that exceeds one-half of one percent (½%) of the Bidder's total Bid**. A Subcontractor is one who: (1) performs Work or labor; or (2) provides a service to the Bidder; or (3) specially Fabricates and Installs a portion of the work according to the Contract Documents. Bidders failure to list a Subcontractor for any portion of the work in excess of ½% of Bidder's total Bid signifies Bidder will self perform that portion of the Work with its own forces. (Note: If more than one Subcontractor is designated for the same kind of Work, state the portion that each will perform.) After the opening of the Bids, no changes or substitutions will be allowed except as otherwise provided by law. The listing of more than one subcontractor for each item of work to be performed with the words "and/or" will not be permitted. Failure to comply with this requirement may render the Bid nonresponsive and may cause its rejection.
- B. Failure by a subcontractor to be registered to perform public work as required by the California Labor Code Section 1771.1 (a) shall be grounds under Section 4107 of the Public Contract Code for the Contractor, with the consent of the awarding authority, to substitute a subcontractor who is registered to perform public work pursuant to Section 1725.5 in place of the unregistered subcontractor.

BE IT KNOWN BY THESE PRESENTS,

That we, Kiewit Infrastructure West Co., as PRINCIPAL,
and Travelers Casualty and Surety Company of America, as SURETY,

are held and firmly bound unto the Santa Clara Valley Water District, hereinafter called the District, in the penal sum of TEN PERCENT (10%) OF THE TOTAL AMOUNT OF THE PROPOSAL of the Principal above named, submitted by said Principal to the Santa Clara Valley Water District, for the work described below, for the payment of which sum is lawful money of the United States, well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents. In no case shall the liability of the surety hereunder exceed the sum of \$ 10% of bid ---

THE CONDITION OF THIS OBLIGATION IS SUCH,

That whereas the Principal has submitted the above mentioned Proposal to the District, for certain construction specifically described as follows, for which Proposals are to be opened at San Jose, California, on 1/27, 2021, (or such other date as specified per Addendum) for Penitencia Water Treatment Plant Rehabilitation of Flocculation and Sedimentation Basins Project, in San Jose, California.

NOW, THEREFORE, if the aforesaid Principal is awarded the Contract and, within the time and manner required under the Contract Documents, after the prescribed forms are presented to him for signature, enters into a written contract, in the prescribed form, in accordance with the Proposal, and files originals (copies are unacceptable) of the two bonds with the District, one to guarantee faithful performance and the other to guarantee payment for labor and materials, as required by law, then this obligation shall be null and void; otherwise, it shall be and remain in full force and virtue.

In the event suit is brought upon this bond by the obligee and judgment is recovered, the surety shall pay all costs incurred by the obligee in such suit, including a reasonable attorney's fee to be fixed by the court.

IN WITNESS WHEREOF, we have hereunto set our hands and seal on the 25th day of January, 2021

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company are corporations duly organized under the laws of the State of Connecticut (herein collectively called the "Companies"), and that the Companies do hereby make, constitute and appoint **Philip G. Dehn, Tammy Pike, Paul A. Foss, Marie Huggins, Traci Sutton, and Deanne Jones of Omaha, Nebraska** their true and lawful Attorney-in-Fact to sign, execute, seal and acknowledge any and all bonds, recognizances, conditional undertakings and other writings obligatory in the nature thereof on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

IN WITNESS WHEREOF, the Companies have caused this instrument to be signed, and their corporate seals to be hereto affixed, this **3rd** day of **February, 2017**.

State of Connecticut

By: _____

Robert L. Raney, Senior Vice President

On this the **3rd** day of **February, 2017**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of the corporations by himself as a duly authorized officer.

In Witness Whereof, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June, 2021**

Marie C. Tetreault
Marie C. Tetreault, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this **25th** day of **January**, **2021**

Kevin E. Hughes
Kevin E. Hughes, Assistant Secretary

**To verify the authenticity of this Power of Attorney, please call us at 1-800-421-3880.
Please refer to the above-named Attorney-in-Fact and the details of the bond to which the power is attached.**

NOTARY ACKNOWLEDGMENT

STATE OF NEBRASKA

COUNTY OF DOUGLAS

I, Traci L. Sutton, a Notary Public in and for said County and State, do hereby certify that Deanne Jones, Attorney-in-Fact of Travelers Casualty and Surety Company of America, proved to me on the basis of satisfactory evidence to be the person who appeared before me, and acknowledged that she signed, sealed and delivered a said instrument, for and on behalf of Travelers Casualty and Surety Company of America for the uses and purposes therein set forth.

BID FORM NO. 6
Iran Contracting Act Bid Certification

Page 1 of 2

*This form must be completed in **ink** and changes must be **initialed**.*

Iran Contracting Act Bid Certification
(Public Contract Code Sections 2202–2208)
Must be Completed for any Proposal of \$1,000,000 or more

Public Contract Code (PCC) Sections 2200–2208 are known as the Iran Contracting Act of 2010 and prohibit public entities from contracting with companies that have specified business activities in Iran’s petroleum sector. Companies seeking to bid on state or local government contracts are required to certify that they are not engaged in developing Iran’s petroleum resources.

Prior to bidding on, submitting a proposal or executing a contract or renewal for a Santa Clara Valley Water District contract for goods or services of one million dollars (\$1,000,000 or more), a person (vendor, firm, corporation, etc.) must either: a) certify it is **not** on the current list of persons engaged in investment activities in Iran created by the California Department of General Services (“DGS”) pursuant to Public Contract Code Section 2203(b) and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or b) demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code Section 2203(c) or (d). The DGS list is posted online at: www.dgs.ca.gov, search “Iran Contracting Act List”.

To comply with this requirement, please complete **one** of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts. (Public Contract Code Section 2205.)

Please complete one of the options below (see prior page for additional explanation).

OPTION NO. 1—CERTIFICATION

I, the official named below, certify I am duly authorized to execute this certification on behalf of the person/financial institution identified below, and the person/financial institution identified below is **not** on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

Name of Person (Vendor, Firm, Corporation, etc.)/Financial Institution (Printed): Kiewit Infrastructure West Co.		Federal ID No. (or n/a): 47-0647803
By (Authorized Signature): 		
Printed Name and Title of Person Signing: Eric M. Scott, Senior Vice President		
Date Executed: 1/27/2021	Executed in (City & State): Fairfield, CA	

OPTION NO. 2—EXEMPTION

Pursuant to Public Contract Code Sections 2203(c) and (d), a public entity may permit a person/financial institution engaged in investment activities in Iran, on a case-by-case basis, to be eligible for, or to bid on, submit a proposal for, or enter into or renew, a contract for goods and services.

If you have obtained an exemption from the certification requirement under the Iran Contracting Act, please fill out the information below, and attach documentation demonstrating the exemption approval.

BID FORM NO. 7
Bidder's General Information

Page 1 of 3

*This form must be completed in **ink** and changes must be **initialed**.*

Timely submission of these Forms is considered **material** by the District.

The Bidders submitting the three (3) apparent low Bids must complete and submit this Bidder's General Information, Bid Form 7, including the required attachments. **The Bidder may be considered not responsible based on information provided on this Form.** Additional sheets may be attached as required.

1. Number of years as a contractor in construction work of this type: 38+

2. Names and titles of all officers of Bidder's firm:

Officers List attached

3. Name of person(s) who inspected site of proposed work for your firm:

Name: Gustavo Sanchez Date of Inspection: 1/6/2021
Elizabeth Willford 1/6/2021

4. Name, address, and telephone number of surety company and agent who will provide the required bonds for this Contract:

Travelers Casualty and Surety Company of America
Midwest Agencies, Inc., Kiewit Plaza, 1550 Mike Fahey Street, Omaha NE 68102
Phil Dehn, 402-271-2956

5. Résumé of Designated Authorized Representative: Attach the résumé of the person who will be designated as authorized representative. **The Contractor's authorized representative must have requisite background and experience to administer and oversee the Work on behalf of the Contractor. The representative must have complete authority to represent and act for the Contractor as stated in Standard Provisions, Contractor Staffing, Article 3.03.** See Attached

6. Prior Construction Contracts: Provide details of all construction contracts similar in scope and complexity to this Project that your organization has performed during the last 5 years. Use the PRIOR CONSTRUCTION CONTRACTS form (page 3 of this Bid Form 7) for each project.

7. Claims and lawsuits: if the answer to any of the questions below is "yes" explain the circumstances on an attached sheet.

7.1 Has your organization ever failed to complete an awarded contract?

☐ Yes ☒ No

*This form must be completed in **ink** and changes must be **initialed**.*

- 7.2 Are there any judgments, claims, alternate dispute resolution proceedings or suits pending or outstanding against your organization or its officers?
☒ Yes ☐ No See attachment
- 7.3 Has your organization filed any lawsuits or requested an alternate dispute resolution with regard to construction contracts within the last 5 years?
☐ Yes ☒ No

8. The Bidder hereby declares that the Bidder has not been convicted, within the preceding 3 years, of any charge of fraud, bribery, collusion, conspiracy, or any other act in violation of any state or federal antitrust law in connection with the bidding upon, award of, or performance of any public work contract with any public entity. The term "Bidder" includes any partner, member, officer, director, responsible managing officer, or responsible managing employee thereof.
9. Has the Bidder, any officer of the Bidder, or any employee of the Bidder who has a proprietary interest in the Bidder, ever been disqualified, removed or otherwise prevented from bidding on, or completing a federal, state, or local government project because of a violation of law or a safety regulation?
☐ Yes ☒ No

If the answer is "yes," explain the circumstances in the following space:

10. The Bidder signing for Contractor certifies that neither Bidder nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

District reserves the right to verify the above information.

I STATE UNDER PENALTY OF PERJURY THAT EACH AND ALL OF THE STATEMENTS I HAVE MADE IN RESPONSE TO PARAGRAPHS 8, 9 & 10 ABOVE ARE TRUE AND CORRECT.

Kiewit

Vimal Patel

Authorized Representative

YEARS OF EXPERIENCE

19 years

YEARS WITH KIEWIT

16 years

EDUCATION

B.S. Construction Management, California Polytechnic State University, San Luis Obispo, CA, 2003

OTHER SPECIALIZED EXPERIENCE/TRAINING

- Water Treatment Operator Grade T2 License, State of California State Water Resources Control Board, January 2015

PROFESSIONAL EXPERIENCE

Vimal Patel is a water treatment plant operator in the state of California with more than 19 years of construction experience specializing in mechanical and electrical portions of work for water and wastewater projects. He started as a field engineer on large-scale wastewater treatment plants and has been promoted to project superintendent and startup manager due to his success playing a key role in startup and commissioning of the plants. Recently, Vimal served as the Project Superintendent on the Bakersfield Wastewater Treatment Plant No. 3 Expansion project where he gained experience with digester gas purification and the effectiveness of bio gas cogeneration. Vimal has also managed construction operations and successfully implemented design and construction quality control plans as the Project Superintendent on the \$196 million seismic retrofit at the Harry Tracy WTP in San Bruno, CA. Vimal has six years of experience building power generation projects and three years of design-build experience. He is skilled at facilitating coordination with the client through coordination meetings, including all civil, structural, mechanical and electrical aspects of the project.

PROJECT EXPERIENCE

Project Executive (April 2020 – Present), San Jose Headworks No. 3, Jacobs, San Jose, CA \$60 Million

Vimal is responsible for preconstruction/engineering, schedule development, contract negotiations, construction staffing, existing plant coordination, financial controls, and on-site construction. This project involves construction of new headworks and repairs to existing headworks. Additional scope includes odor control covers over select junction boxes, influent screens, screenings and grit collection areas, corrosion protection, conduits for the collected foul air, combination biological-chemical treatment scrubbers, and modifications to influent pipelines.

District Operations Manager (November 2019 – Present), Northern California District, Kiewit Infrastructure West Co., Fairfield, CA

Vimal is responsible for assisting various projects with start-up and planning of major operations. He ensures that projects are utilizing best practices in work planning, safety, and quality as well as managing costs and maintaining good client and vendor relations.

Project Manager (March 2017 – June 2017), Upper San Leandro Reservoir Tower Upgrade, East Bay Municipal Utility District, Oakland, CA, \$7 Million

The Upper San Leandro Reservoir is an artificial lake that provides water the surrounding counties. The project consisted of the demolition and removal of existing valves, valve components, ladders, stairways, bridge crane and miscellaneous electrical components for the intake tower. The intake tower was retrofitted with a new 2-ft. wide by 5-ft. deep concrete collar, connected to two buckling restrained braces anchored on-shore in concrete anchor blocks, anchored with multi-strand anchors. The anchor blocks have been constructed following the installation of cofferdams which consisted of driven sheet pile. The purpose of this project was to add longevity to the structure and upgrade the existing system. This project had several access constraints requiring an extensive work plan developed to provide land access along very steep slopes to the work area. Working areas, as well as material laydown areas, were very limited creating extensive coordination with the constantly changing access to progress of work. This project was delivered on time and within-budget.

All work completed at San Leandro was completed within the constraints of land-eliminating any marine-based equipment. Material and equipment deliveries occurred through a narrow winding access road along the edge of a very steel slop. Along the edge of the water, Kiewit stabilized the slope to allow for a 100-ton crane to be setup for material handling. The San Leandro project required time and effort to ensure that the material and equipment handling was scheduled appropriately throughout the project as access in and out of the work area was critical to keeping the project delivered on-time to the client.

General Superintendent (April 2016 – March 2017), Fluoridation at Water Treatment Plants, Santa Clara Valley Water District, San Jose, CA, \$6 Million

The objective of the Fluoridation at Water Treatment Plants Project is to construct fluoridation (fluorosilicic acid) facilities at the Penitencia WTP and Santa Teresa WTP. STWTP is a 100 MGD (million gallons per day) drinking water treatment plant located in south San Jose, CA. PWTP is a 40 MGD drinking water treatment plant located in east San Jose, CA. This project included decommissioning outdated equipment, relocating serviceable equipment, install storage tanks, chemical feed systems, piping, pumps, instrumentation, and HVAC.

Estimator (April 2015 – April 2016), Northern California District, Kiewit Infrastructure West Co., Fairfield, CA

Vimal was responsible for providing mechanical and electrical support on bid estimates and proposals. She reviewed vendors and specified materials for bid packages.

Mechanical Superintendent, (Nov 2012 – April 2015) Harry Tracy Water Treatment Plant, San Francisco Public Utilities Commission, San Bruno, CA, \$196 Million

Vimal is responsible for procurement and installation of mechanical equipment and piping. He is also managing the electrical, and instrumentation and controls subcontractors as well as all SCADA modifications. Vimal is in responsible charge of startup activities on this project. Vimal will manage 25,000 manhours in installation of piping, 14,000 manhours in installation of the equipment and 40,000 manhours in installation of electrical systems. Vimal and his startup team have been working with the SFPUC to develop and refine the startup and commissioning plan since project award. KIWC must complete all startup and commissioning over 5 large outage periods (30 days to 60 days in length) and 4 shorter duration outages. The 10 phases of startup will require close coordination with the SFPUC.

Kiewit

This project involves improving delivery reliability and providing seismic upgrades at this regional water treatment plant to achieve a sustained capacity of 140 MGD for at least 60 days, and to provide 140 MGD within 24 hours following a seismic event on the San Andreas Fault. The work involves decommissioning the existing 6.5 and 8 MG treated water reservoirs and constructing a new 11 MG treated water reservoir, five new filters, replacing the existing 0.5 MG washwater tank, constructing a new 0.5 MG washwater tank, converting washwater clarifiers to equalization basins, installing new high-rate clarifiers, and performing hydraulic improvements to various treatment units.

Lead BOP, (Dec 2011 – Nov 2012) Marsh Landing Generating Stations, Mirant Delta, LLC, Antioch, CA \$507 Million

Vimal held the responsibilities as the General Superintendent on the north half of the job, which included everything located outside the power block, from civil, electrical, piping and concrete.

The Kiewit team will engineer, procure and construct the 800-megawatt natural gas-fired power plant with four 200-megawatt simple cycle units. Project equipment includes four Siemens 5000F(4) combustion turbines, four emissions control systems complete with selective catalytic reduction (SCR) and oxidation catalysts, exhaust gas-tempering air fan systems, three fuel gas compressors and balance of plant equipment. SCR/carbon monoxide (CO) catalyst units will be used to reduce the nitrogen oxide and CO emissions coming from the exhaust gas of the combustion turbines while operating in a simple cycle configuration.

In addition to pursuing LEED certification for the new administration building, this project complies with Best Available Control Technology. Upon completion, the project will supply power to more than 750,000 homes.

Lead Designer, (Nov 2010 – Dec 2011) Marsh Landing Generating Stations, Mirant Delta, LLC, Antioch, CA \$507 Million

Vimal worked with KPE design team to create design and drawings for the job, constructability, and scheduling design to accommodate construction.

Mechanical Superintendent, (Sept 2007 – Oct 2010) Bakersfield Wastewater Treatment Plant #3, City of Bakersfield, Bakersfield, CA, \$219 Million

Vimal was responsible for procurement and installation of all the mechanical equipment and pipe, including 105 pumps, six large blowers, 10 bays of aeration diffusers, four new 180-foot-diameter secondary clarifiers, rebuilt four existing 90-foot-diameter primary clarifiers, two daft tanks and associated piping equipment, two new anaerobic digesters, three centrifuges, a full tertiary system, four chemical farms, a 1.8-MW cogeneration facility with a full gas scrubbing system, three biofilters with all associated fans and duct work, and six pump stations.

The project contract was to expand and upgrade the existing Bakersfield Wastewater Treatment Plant from a capacity of 16 MGD to 32 MGD.

The facility also consists of a 2 MGD tertiary treatment system that includes a rapid mixer, cloth media continuous backwash filter, chlorine contact tank, and flocculation and disinfection chemical facilities, six new effluent disposal percolation basins, dissolved air flotation sludge thickeners, replacement of existing digester heaters with new units in the six existing anaerobic sludge digesters, two new anaerobic sludge digesters and a sludge dewatering building, a new power cogeneration building, plant-wide odor control systems that include foul air ducting, blowers and odor removal biofilters, a new administration/operation building, and a new maintenance shop.

Kiewit

Mechanical Superintendent, (Oct 2006 – Sept 2007) Hayward Wastewater Treatment Plant, City of Hayward, CA Hayward, CA \$49 Million

Vimal was responsible for underground pipe, traffic control, above ground pipe, start-up of two clarifiers.

The project involved constructing new clarifiers, solids contact, trickling filter, solids handling building, miscellaneous structures, and associated process piping and electrical work. The unique design of the galvanized steel effluent trough of the 120-ft.-dia. final clarifiers increases treatment capacity by allowing water to flow over the weirs from both sides.

Superintendent, (June 2005 - Dec 2005) San Jose Water Pollution Control Plant, City of San Jose, San Jose, CA, \$78 Million

Vimal was responsible for mechanical submittals, procurement of all mechanical equipment, and field supervision of installation of underground and above ground piping.

The project involved constructing one of the largest advanced wastewater treatment facilities in California. The project's improvements included construction of a new emergency basin and basin structures, a 120 in. influent line, a raw sewage influent metering vault, a main headworks structure, raw sewage flow distribution structures, a grit handling structure, a screenings handling structure, yard structures with piping and appurtenances, and electrical and instrumentation modifications.

Mechanical Engineer, (Dec 2003 – June 2005) Penitencia Water Treatment Plant, Santa Clara Valley Water District, San Jose, CA, \$43 Million

Vimal was responsible for submittals, training, layout, procurement, receiving, time cards, tracking costs, start-up and commissioning and close-out.

The project consisted of the construction of a two-story, 7,200-square-foot ozone generation building, an ozone contactor structure, a liquid oxygen storage and vaporizer structure, various pipelines, transition structures, a sulfuric acid storage area, a plant water pump station, three load centers, a sulfuric acid metering building and a hydrogen peroxide facility. In addition, crews installed ozonated and settled water pipelines, an electrical distribution system, a control system and a new emergency generator.

Prior to construction, early detection of site conditions warranted a substantial disruption in excavation and shoring work due to elevated groundwater levels, shear zones and naturally occurring asbestos deposits.

Engineer Intern, (June 2003 – Dec 2003), Penitencia Water Treatment Plant, Santa Clara Valley Water District, San Jose, CA, \$43 Million

Vimal was responsible civil underground, survey, layout, purchasing, submittals, and work plans.

Engineer Intern (June 2002 – June 2003), Northern California District Office, Kiewit Infrastructure West, Co. (formerly Kiewit Pacific Co.), Concord, CA

Vimal was responsible for estimating various projects throughout Northern California.

PREVIOUS EMPLOYMENT

Project Manager (2017-2019), Overaa Construction, Richmond, CA

Vimal was the Project Manager on the "Sunnyvale Pretreatment Facility Package 2" Project. This \$100M public works project included modernizations to the existing Sunnyvale Water Pollution Control Plant site with a peak flow of 40MGD. The project also included habitat mitigation and the construction of a screening facility, grit and screenings handling facility, a new influent pump station, grit basins, primary sedimentation tanks, chemically enhanced primary treatment facility, odor control facility, and a new headworks electrical building. He safely supervised over 180,000 craft manhours.

BID FORM NO. 7
Bidder's General Information
Attachment

7.2 Are there any judgments, claims, alternate dispute resolution proceedings or suits pending or outstanding against your organization or its officers?

Yes, details are provided in the table below.

Matter Name	Court Name	Project	Date Filed	Matter Summary
Encon Arizona, LLC d/b/a TPAC v. Kiewit Infrastructure West Co.	U.S. District Court, District of Arizona; 19-cv-05364	103041 Project Neon	10/10/19	Lawsuit by material supplier seeking payment of fees due for labor, materials and work in connection with Project Neon in Las Vegas, Nevada.
HydroPressure Cleaning, Inc., vs. Kiewit Infrastructure West Co.	Solano County Superior Court; FCS052505	103430 Oroville Spillway	3/13/19	lawsuit by Subcontractor alleging a pass-through breach of contract claim regarding differing site conditions regarding the Oroville Dam Interim Spillway Project in Oroville, California.

PRIOR CONSTRUCTION CONTRACTS

The Bidder may make as many copies of this page as necessary. Bidder may provide the required information on an alternative document. Bidder must submit a signed original of this page 3 of Bid Form 7.

Respond to each item, indicating "none" where appropriate.

- A. Name, address, and telephone number of owner: City of Pinole, California
2131 Pear Street, Pinole, CA 94564, (510) 724-9017
- B. Name of project: Pinole-Hercules WPCP Upgrade
- C. Location of project: Pinole, CA
- D. Brief description of the work involved: The project is an upgrade of existing facilities to improve the plant's wet weather flow capacity from 10.3MGD to 14.6 MGD. The work takes place over three phases: demo and install of influent pipe and facilities, demo and install of new solids handling pipe and facilities, and demo and install of secondary systems.
- E. Contract amount: \$46,375,167
- F. Claims amount: None
- G. Liquidated damages assessed: None
- H. Date of completion of contract: 03/05/2020
- I. Name, address, and telephone number of design firm's architect or engineer:
Mike Warriner; Carollo, 2795 Mitchell Drive, Walnut Creek, CA 94598; (925) 210-0675
- J. Name of owner's project manager: Tamara Miller
- K. Declaration of Default (Yes or No): No
- L. Litigation on questions of project performance: None
- M. Determination of failure to pay prevailing wages or other state and/or federally required taxes or contributions: None
- N. Citations by federal OSHA or CAL OSHA: None

District reserves the right to verify the above information.
