Subject: C0674 - RFQ P3 Notice

Dear RFQ Holders,

While the deadline for submission of requests for clarification has passed, **should a Respondent have a question or seek clarification regarding an individual form or other specific submission requirement, they may continue to submit those in writing to the Valley Water Representative.**

Valley Water reserves the right, at its sole discretion, to determine whether or not to respond to any such question received after the request for clarification submission deadline. Such determination will be based, in part, on whether a clarification is needed to ensure that all Respondents have a common understanding of the RFQ requirements. Valley Water will not advance criteria as to issues specific to individual Respondents or otherwise attend to requests aimed at materially amending the RFQ submission requirements.
