

Jessica Collins

Watersheds Business Unit Manager

Jessica currently leads the newly formed Watersheds Business Planning and Analysis Unit. This unit manages, plans and oversees the implementation of the Safe, Clean Water and Natural Flood Protection Program (Safe, Clean Water Program), which includes working closely with the Offices of Government Relations and Finance on the development of a future measure to continue the Valley Water's work on key projects and programs. The new unit is also responsible for the development of a rolling 5-year Watersheds Operations and Maintenance Plan; and development and implementation of a Lands Management Program.

Jessica most recently held the position of Supervising Program Administrator for the Watersheds Operations and Maintenance Division, where she was responsible for implementation of the Safe, Clean Water Program. Previously, Jessica worked as a Senior Management Analyst for the Office of Watersheds Chief Operating Officer.

Jessica has her BA degree in Sociology from UC Davis and her JD from University of the Pacific, McGeorge School of Law. She is a graduate of the Emerging Leaders Program and holds certificates related to public participation, facilitation and strategic planning.
